DEPUTY DIRECTOR REPORT

Emergency Rental Assistance (ERA) Update:

We began accepting applications for the Emergency Rental Assistance (ERA) program on February 17th, 2026. The purpose of this program is to assist households in Carver County who are experiencing financial hardship that has impacted their ability to meet rent or utility obligations. Many of these challenges are the result of reduced working hours, job loss, business closures, or changes in household circumstances, including the involuntary displacement of family members.

To date, CCCDA has received **61** applications requesting a total of **\$149,092.43** in assistance, with **\$95,711.37** distributed to landlords and utility providers. Of the **61** applications, **34** are approved, **5** were withdrawn, **8** were denied, and the remaining applications are currently under review and processing. Of the approved applications, **21** households were at risk of eviction and **13** were at risk of utility disconnection.

Applications are reviewed for eligibility and prioritized based on the urgency of the household's housing stability.

The program criteria include:

- The applicant must reside in Carver County
- The household must be behind on rent or utilities by one or more months
- The household must have income at or below 80% of the Area Median Income (AMI)
- The total maximum assistance per household is \$4,000
- Households cannot receive duplicate assistance from another agency for the same expense
- Households receiving certain housing subsidies may not be eligible

Applications are prioritized in the following order:

1. Households where an eviction has been formally filed
2. Households who have received a 14-day notice from their landlord
3. Households with a utility disconnection notice
4. Households with past-due rent or utilities but no formal notice

Although the program is temporary, it has provided much needed assistance to households at risk of losing housing or essential utilities and has supported housing stability within the community. In the past week, we have seen a significant decline in new applications. Given this trend, along with the availability of other rental assistance programs within the County, we are considering concluding the program on April 30th.

Outsourcing On-Call Maintenance:

We are working on moving forward with a phased approach to outsourcing after-hours (on call) maintenance. This shift is intended to create a more sustainable on-call structure for maintenance staff while also supporting overall cost savings.

The current on-call model has required a high level of commitment, flexibility, and responsiveness from maintenance staff, particularly during evenings, weekends, holidays and when short staffed. This change is no way a reflection of staff's hard work, but rather an effort to better support maintenance staff by improving work-life balance while maintaining strong customer service and care across our properties. It also reflects a trend across the industry, as organizations look for ways to provide reliable coverage while supporting staff sustainability.

We will be partnering with Tuk Technical, a vendor with experience supporting both public and private housing organizations. Implementation is underway, with onboarding and process alignment currently in progress.

The transition will be phased, beginning with multi-family and scattered site properties. During the initial rollout, maintenance staff will continue to support calls alongside the vendor to ensure a smooth transition. The month of May will serve as a trial period, with the goal of expanding to senior properties and fully transitioning by early June.

We will continue to be intentional about communication with residents, process clarity, and overall service quality throughout implementation.

Organic Waste (Composting) Partnership:

We are partnering with Carver County Environmental Services, which was awarded a grant to support organic waste/composting initiatives throughout the community.

Through this partnership, compost carts will be placed at select CCCDA properties for residents to use for organic waste. The collected materials will be incorporated into the County's broader composting efforts. Environmental Services will provide training and support for both staff and residents at participating sites to help ensure the program is accessible and successful.

There is no direct cost to the CDA for participation in this initiative. The program is structured to allow flexibility, and if composting is not a good fit for a particular site, carts can be removed to minimize challenges.

As part of the initial rollout, staff participated in a site visit to the Dakota Prairie Composting facility to better understand the process and implementation. We anticipate coordinating additional communication and preparation with participating properties as the program moves toward launch.

EXECUTIVE DIRECTOR REPORT

April is Fair Housing Month, a time to reaffirm our commitment to equal housing opportunity for all. Fair housing means everyone deserves the opportunity to live in a home of their choice, free from discrimination. The Fair Housing Act prohibits discrimination based on race, color, religion, sex, national origin, familial status, or disability in housing-related activities. Annually, staff and the board reaffirm this commitment through Fair Housing education. This is your friendly reminder to complete your fair housing training through Grace Hill by the end of the month.

The Coffee with the Boss is scheduled for Friday, April 24th, and will be held at the Windstone Community Room. The month's topic will be the CDA's Community Land Trust and Down Payment Assistance programs.

The office expansion project began on Monday, April 13th. We are anticipating a three-month schedule. We are still working on a few items related to Subway but hope to have that wrapped up in April. We are so looking forward to our new space.

We had our project launch meeting with MN Housing for Trail's Edge Senior. While we start working through MN Housing's due diligence, we are looking for Letters of Interest from equity investors and options for the construction loan and first mortgage. We will also begin the entitlement process with the City of Waconia. We are hoping to break ground on this project in the fall of this year.

On Wednesday, April 8th, seven CDA employees attended MN NAHRO's Day at the Capitol. Our agency had meetings with four members of the MN Delegation that cover areas of Carver County. We advocated for Housing Infrastructure Bonds and Publicly Owned Housing Bonds and talked to legislators about the work we do at the CDA and how it impacts their constituents. At the end of the day, we stopped in to listen to part of the House Housing and Finance Committee. It was a great day, and I am so glad staff were interested in joining me.

I attended MN NAHRO's Executive Retreat on Thursday, April 9th and Friday, April 10th. This year's retreat focused on High Performance Management. Every attendee completed a DISC assessment, and we spent the majority of

the retreat understanding the four components and how you interact with others. We went through hiring, coaching/training and disciplining, all based on someone's DISC profile. Networking is always an additional positive benefit to NAHRO's events.

Carver Place is a finalist for the Affordable Housing-Suburban category with the MN Real Estate Journal awards. Staff will attend the event on May 7th, when the awards will be announced.

TITLE: Approval of Write-Off of Past Tenant Balances for March 2026

PURPOSE/ ACTION REQUESTED: Approve write-off of Past Tenant Balances

SUMMARY: The Carver County CDA’s policy is to write off past tenant balances that have been submitted to MN Revenue Recapture and was approved by the CDA Board. When a past tenant moves out with a balance, the tenant has 10 business days to contact the CDA to either pay the balance in full or set up a repayment agreement. If the past tenant does not contact the CDA, the balance due is submitted to MN Revenue recapture. The CDA will “write-off” the past balance in Yardi once it has been submitted to MN Revenue Recapture. Any former resident that has been submitted to MN Revenue Recapture due to that past balance will remain there until such time as that balance is paid or the six-year statute of limitations has passed.

RECOMMENDATION: Staff recommend approval of the write-off of past tenant balances.

TITLE: Approval of Senior Home Repair Program Guidelines and Partnership with Rebuilding Together Minnesota

PURPOSE/ ACTION REQUESTED: To approve the guidelines for the CDA's Senior Home Repair Program and enter into a partnership with Rebuilding Together Minnesota to administer the program

SUMMARY: In 2023, the Minnesota Legislature authorized aid payments to counties, cities, and Tribal Nations to support the development of affordable housing and to help organizations provide affordable and supportive housing. The funding source is the Local Affordable Housing Aid program (Minn. Stat. § 477A.35), funded through a 0.25% metropolitan area sales tax.

On August 20, 2024, the Carver County Board of Commissioners approved a contract with the Carver County Community Development Agency (CDA) to administer Local Affordable Housing Aid (LAHA) funds, with 70% of the annual allocation deposited into the CDA's Local Housing Trust Fund (LHTF). The CDA Board approved acceptance of these funds at its meeting on September 19, 2024. Carver County's LAHA allocations total \$1,630,369.98 for 2024 and \$4,285,474.79 for 2025, resulting in \$4,141,091.34 to be administered by the CDA. Per state legislation, the LAHA funding is ongoing with no designated end date and is distributed to counties by the Minnesota Department of Revenue.

CDA staff propose allocating \$500,000 of LAHA funds to establish a Senior Home Repair Program to assist low-income Carver County homeowners aged 62 and older with repairs to vital home systems. This program will also help homeowners better prepare for future maintenance needs, including making accessibility improvements that support aging in place.

The Senior Home Repair Program represents the second major initiative funded through the Carver County LHTF. In partnership with Rebuilding Together Minnesota (RTMN), the CDA will provide funding to help low-income senior homeowners—those earning at or below 50% of

Area Median Income (AMI)—repair or replace critical home systems, enabling them to age safely and successfully in their homes.

Staff propose offering 10-year deferred forgivable loans of up to \$30,000 to eligible owner-occupied senior households and/or households that include a person living with a disability. These funds would be used to finance critical system repairs and accessibility improvements, including heating and air conditioning, electrical, plumbing, and roofing systems for single-family or duplex owner-occupied properties, as well as fall-prevention measures and the installation of ramps.

Rebuilding Together Minnesota is a 501(c)(3) nonprofit organization and an affiliate of Rebuilding Together, Inc. Since 1997, RTMN has focused on preserving homes and revitalizing communities. Its mission is, “Repairing homes, revitalizing communities, rebuilding lives.” The organization serves low-income homeowners who are seniors, individuals living with disabilities, families with children, and veterans and their families. With a staff of eleven, RTMN assists approximately 180–200 households annually.

RECOMMENDATION: Approve the guidelines for the CDA's Senior Home Repair Program and enter into a partnership with Rebuilding Together Minnesota to administer the program

EXPLANATION OF FISCAL/ FTE IMPACTS:

None Current budget Other Amendment requested New FTE(s) requested

RESOLUTION:

WHEREAS, the State of Minnesota enacted the Local Affordable Housing Aid (LAHA) program pursuant to Minnesota Statutes, Section 477A.35, as amended, to provide funding to metropolitan-area counties for qualifying affordable housing projects, as defined in Section 477A.35, subdivision 4; and

WHEREAS, Carver County (the “County”) is a direct recipient of Local Affordable Housing Aid funding; and

WHEREAS, the County has engaged the Carver County Community Development Agency (the “CDA”), based on its experience and expertise in housing assistance and development, to act as a subrecipient and agent of the County for the administration of LAHA funds; and

WHEREAS, maintaining safe, stable, and accessible housing for low-income senior homeowners is a critical housing need in Carver County, particularly to support aging in place and prevent housing instability; and

WHEREAS, the proposed Senior Home Repair Program will address this need by providing financial assistance to income-qualified senior homeowners for the repair or replacement of critical home systems and the installation of accessibility and fall-prevention improvements; and

WHEREAS, the CDA proposes to partner with Rebuilding Together Minnesota, a qualified nonprofit organization with demonstrated experience providing home repair services to low-income households, to implement the Senior Home Repair Program.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CARVER COUNTY COMMUNITY DEVELOPMENT AGENCY, as follows:

1. The Board hereby approves the Program Guidelines establishing the Carver County Senior Home Repair Program.
2. The Program shall provide 10-year deferred forgivable loans, not to exceed \$30,000 per eligible household, to income-qualified owner-occupied senior households and/or households including a person living with a disability.
3. Eligible uses of funds shall include repairs or replacement of critical home systems and accessibility improvements, consistent with Local Affordable Housing Aid requirements and the approved Program Guidelines.
4. The Board hereby authorizes the Executive Director to negotiate, execute, and administer a contract with Rebuilding Together Minnesota, in a form approved by the Agency's legal counsel, to carry out the purposes of the Senior Home Repair Program.

Carver County Senior Home Repair Program Guidelines

Program Overview:

This program is a partnership with Rebuilding Together Minnesota (“RTMN”) and Carver County Community Development Agency (“CDA”) designed to help low-income Carver County homeowners aged 62 and older repair vital home systems. The program also aims to better prepare homeowners to manage future home maintenance needs, including making accessibility improvements that support aging in place.

The intent of the Carver County Senior Home Repair Program is to help low-income senior homeowners (50% AMI or less) repair or replace critical systems within their homes and allow them to more successfully age in place.

Each home will have an inspection by an RTMN program manager that will enable the homeowner to make an informed decision on the priorities and needs of their home. The program manager will also recommend other programs that the applicant may qualify for.

1. **Loan Pool:** This program utilizes Local Affordable Housing Aid (“LAHA”) funding. As mentioned, RTMN may leverage additional resources depending on the applicant’s eligibility and home needs.
2. **Loan Amount:** The maximum LAHA loan per household is \$30,000.
3. **Loan Term:**
The loan will be no-interest, deferred and be forgiven at a rate of 1/10th per year if the owner remains in the property for 10 years from the date of loan closing. If the borrower sells, transfers title, or if the home is no longer the principal primary residence of the original borrower prior to the 10-year forgiveness term, the borrower will be required to repay the remaining amount.

In addition, the borrower must grant CDA a right of first refusal, allowing CDA the option to purchase the home at its current appraised market value at any time during the 10-year loan period if the home is offered for sale. This right of first refusal does not apply to transfers resulting from inheritance or to transfers to an immediate family member.

4. **Underwriting Decision:** Loans will be approved or denied by RTMN according to the following criteria for each household:
 - must be current on contract for deed and/or mortgage payments;

- must be current on property taxes at the time of closing; and
- must have homeowners' insurance.

5. **Loan Security:** All LAHA loans will be secured by a mortgage in favor of the CDA and serviced by RTMN.
6. **Income Limit:** The applicant's(s) gross household annual income must be at or below 50% of the Area Median Income (AMI) for Carver County set annually by U.S. Department of HUD. The determining income shall be based on the adjusted gross household income. Below are the AMI incomes as of April 2026 for Carver County.

HOUSEHOLD SIZE	50% OF MEDIAN Very Low-income
1	\$46,350
2	\$53,000
3	\$59,600
4	\$66,200
5	\$71,500
6	\$76,800
7	\$82,100
8	\$87,400

7. **Eligible Loan Recipients:** Recipients must be current owner-occupants of the property and have one of the following people residing within the home requiring repair:
 - a person 62 years of age or older; or
 - a person living with a disability.
8. **Previous Participation:** Persons/households that have previously received RTMN services are eligible to participate in this program, but the most recently delivered services must have been completed five or more years before application.
9. **Eligible properties:** Single family and duplex properties that are owner-occupied and located within Carver County. Condominium and townhome owners are eligible for funding provided the repairs are: 1) not items covered by the governing homeowner's association (HOA); and 2) are approved by the HOA. Mobile homes are not eligible for this program.
10. **Eligible Improvements:** These loans can be used to finance critical systems repairs and accessibility modifications including heating/air conditioning systems, electrical systems, plumbing systems, roofing systems for single-family or duplex owner-occupied properties, fall-prevention and ramps.
 - Garages: repair or replacement of roof for Code violations ONLY.

Permits must be obtained when required by City ordinance. RTMN will work with contractors

licensed by the State of Minnesota.

The Program Director of RTMN will resolve any questions of eligible or ineligible improvements or repairs for items not addressed specifically in these guidelines.

11. **Ineligible Improvements:** General remodeling or critical systems for new construction or additions to a home. Garages are ineligible unless repairs are specified by a work order from the City Housing Code violations. RTMN's decisions regarding eligible work shall be final.
12. **Work by Licensed Contractors:** RTMN will utilize the CERT Program list of vendors to solicit bids from SBE/MBE/WBE, licensed and insured contractors. Permits will be obtained for all work as needed by residential building code. Work performed by owners is not permitted with loan funds.
13. **Custody of Funds:** Loan funds will remain in custody of RTMN until payment is made for completed work.
14. **Total Project Costs:** It is the borrower's responsibility to obtain the amount of funds necessary to finance the entire cost of the work. If the total cost exceeds the loan amount, the borrower must provide additional funds. The additional funds needed to complete a project must either be escrowed with RTMN or the funds must be paid into the project before loan funds are expended.
15. **Disbursement of Funds:** Payment to the contractor will be made after completion of the work. An inspection will be performed by RTMN to verify the completion of the work.

The following items must be received before the funds can be released:

- Final invoice from contractor
- Original lien waiver
- Completion Certificate signed by the contractor and the borrower
- Proof of permits closed

16. **General Conditions:** All RTMN and CDA Board and staff must wait 30 days from the start of the program to apply.
17. **Other Conditions:** As part of this program, homeowners will be strongly encouraged to work with the Minnesota Homeownership Center or one of its member affiliates to participate in a 4-hour Homeowner Education Class focusing on home maintenance, budgeting for home maintenance, awareness of predatory lending practices and working with contractors.

TITLE: Approval of Redemption of Limited Tax Obligation Bonds

PURPOSE/ ACTION REQUESTED: Authorizing the redemption of limited tax obligation bonds and approving and authorizing the execution of various documents in connection therewith.

SUMMARY: The Series 2000 Bonds have an interest rate that is higher than what the CDA currently earns on its investments. As a result, the CDA continues to pay more in interest on these bonds than it earns on the funds it holds. Because the bonds can be paid off at any time without penalty, the CDA has the option to redeem them and stop these interest payments.

The current amount needed to redeem the bonds is \$61,504. The CDA will make this payment to the trustee, with a 0% loan payable by Brickyard. The CDA will reduce the monthly rent payments to Brickyard by a minimum of \$2,000 a month as payment towards this loan.

RECOMMENDATION: Staff recommend redeeming the bonds using available funds to reduce costs. Taking this action would also simplify the CDA's outstanding debt and eliminate ongoing administrative and reporting requirements related to the bonds.

MEMORANDUM

TO: Allison Streich, Executive Director, Carver County CDA
FROM: Schane Rudlang - Ehlers
DATE: April 3, 2026
SUBJECT: Early Redemption of 2000 HRA Bonds

Purpose

The purpose of this memorandum is to present Ehlers' recommendation regarding the early redemption of the Carver County Housing and Redevelopment Authority Limited Tax Obligation Bonds, Series 2000 (the "Series 2000 Bonds"). The primary objective is to eliminate remaining interest costs on the outstanding bonds, which bear coupons of 6.40%.

Background

- In January 2000, the Carver County Housing and Redevelopment Authority (HRA) issued \$420,000 Limited Tax Obligation Bonds, Series 2000 to finance a portion of the Chaska Brickyard Project.
- The Carver County Community Development Agency (CDA) subsequently became the successor entity to the HRA and assumed responsibility for the Series 2000 Bonds.
- The bonds are special limited obligations, payable solely from the Authority's Special Benefits Tax (i.e., the CDA levy), and do not constitute a general obligation of Carver County or the State of Minnesota.
- The bonds mature on January 1, 2028 and may be redeemed before maturity (i.e., they are "callable").

Analysis

The coupon rates on the Series 2000 Bonds reflect market conditions at the time of issuance in 2000 and are above the CDA's current opportunity cost of funds; meaning the bonds' 6.4% interest cost is higher than the CDA's general investment earning rate. For example, if the CDA has a source of funds to invest and its investment earnings rate is 4%, the CDA is effectively paying the difference between the two rates (2.4%) while the bonds remain outstanding. Because the bonds are callable at par with no redemption premium, the CDA may redeem the outstanding bonds and eliminate future interest payments through final maturity.

From a municipal advisory perspective, redeeming callable debt with above-market interest rates using available funds is prudent debt management. Further, calling these bonds would simplify the CDA's outstanding debt profile and eliminate ongoing administrative and compliance requirements associated with the bond issue.

Recommendation

Based on our review, Ehlers recommends approval of the resolution authorizing redemption of the Limited Tax Obligation Bonds, Series 2000, to eliminate remaining interest costs and reduce the CDA's total debt service obligations.

Next Steps

If the CDA approves the resolution, Ehlers will notify the Depository Trust Company ("DTC") and the CDA should notify the paying agent which is US Bank.
